POPULAR COMPLEMENTARY PROCEDURES

Complementary procedures enhance the aesthetic outcome, enable practice distinction, avoid commoditization and allow you to brand your own procedures. An infinite amount of complementary procedures are possible, making your mJOULE even more valuable. Pricing of complementary procedures is generally not the sum of each individual procedure. Typically the "main" procedure is charged at full price with 50% discount for the second and even more discount for a potential third procedure.

Combination Procedures	RATIONALE - SPECIFICS
BBL & MOXI	<ul style="list-style-type: none"> • Enhances overall appearance of treatment, achieve more when combined. BBL first, then MOXI second • Improved tone, texture and pigmentation
